

AudioDock Cocoon

Docking station for iPod and iPhone

The TrekStor AudioDock Cocoon is optimized for the usage with your Apple iPod or iPhone. The stereo speakers (2 x 10 W) and the additional subwoofer (20 W) guarantee full sound and a rich bass for best entertainment. But that's not all: Through the integrated charging function you can experience your favorite music and simultaneously charge the battery of your iPhone or iPod.

The handling of the AudioDock Cocoon is very user friendly and possible both directly via the device and with the help of the included remote control.

The design

The AudioDock Cocoon offers a trendy, futuristic design; the high-quality plastic housing is available in either black or white.
