

eBook Reader Pyrus[®]

eBook Reader with 6" Digital Ink display

The eBook Reader Pyrus opens a new chapter among the TrekStor eBook Readers. The paper-like display with Digital Ink technology displays your favorite book from now on razor-sharp and flicker-free in every position and even under direct sunlight. Thanks to an intelligent power management, the innovative technology additionally enables a battery life of several weeks. With an internal storage capacity of 4 or 2 GB up to 4,000 (resp. 2,000) books can be put on the eBook Reader Pyrus. Using a microSD/microSDHC memory card, the storage capacity can be expanded up to 32 GB.

The eBook Reader plays all popular formats, such as ePUB and PDF and thanks to the free choice of shops you will be able to buy your eBooks anywhere you like. Features, such as bookmarks, search function as well as the possibility to switch between portrait and landscape format guarantee maximum reading comfort and an easy operation. Thereby the Reader lies comfortably inside the hand: with only 216 g the Reader is a real lightweight.
