

DataStation® maxi Xpress

External 3.5" hard drive with USB 3.0 interface

A SuperSpeed USB 3.0 interface allows particularly fast access to your data! In practice, data transfers via USB 3.0 are four times as fast as Hi-Speed USB 2.0. The high speed of USB 3.0 means minimal waiting times and thus more time for all tasks that are really important to you.

Therewith the DataStation® maxi Xpress is the future-proof solution for all applications with a large amount of data as for example the editing of video and audio files or high resolution photos. Furthermore, the DataStation® maxi Xpress is ideal for regular and fast backups.

More and more computer and notebook manufacturer rely on fast USB 3.0 connection – rely also you on the future-oriented interface for your external drive. Thereby USB 3.0 is backward compatible with older USB versions.

Therefore you can use your DataStation® maxi Xpress of course also with all devices that have an USB 2.0 or USB 1.1 connector, for example computer, media player or game consoles.

Highest quality for a long life time: An exclusive high-quality aluminium provides an optimal cooling of the hard drive and ensures a long lifetime for the DataStation® maxi Xpress. This means more security for your data.

High technology does not have to be boring: With lots of different colors the DataStation® maxi Xpress brings style on the desk.

Economical and quiet: Almost silently an external power supply provides power for the DataStation® maxi Xpress. Thereby the hard drive can be disconnected through the integrated on/off switch fast and easily from the grid.

Safe your files: To keep your data safe, you can secure your DataStation® maxi Xpress with a notebook lock.

Technical details

Hardware

Memory	1/1.5/2 TB
Interface	1 x SuperSpeed USB 3.0 connector (female)
Color	Brown, Black, Silver, Red
Dimensions (W x H x D)	190 mm x 112 mm x 32 mm
Weight	approx. 1 kg
Type of housing	Aluminum
Form factor	3.5"

Power supply	USB port, External power supply (100 V - 240 V, safety class 2)
Power separation	On/off switch

Communication with the computer

Supported operating systems	Microsoft Windows [®] 7, Microsoft Windows [®] Vista [™] , Microsoft Windows [®] XP, Linux [®] from Kernel 2.6.x, Mac [®] OS X from 10.3.x
Maximum data transfer rate/read	SuperSpeed USB 3.0: 121.1 MB/s, Hi-Speed USB 2.0: 33.8 MB/s
Maximum data transfer rate / write	SuperSpeed USB 3.0: 91.5 MB/s, Hi-Speed USB 2.0: 33.5 MB/s
Average access time (HDD)	Approx. 16 ms

Other characteristics

Package contents	DataStation [®] maxi Xpress, Quick guide, Power supply (100 V - 240 V), Super-Speed USB 3.0 cable
Operation	Horizontal

We reserve the right to make changes and corrections.
