

DataStation® maxi light

External 3.5" hard drive

The DataStationmaxi light is the perfect solution for the daily backup or the memory expansion of your computer. The external 3.5" hard drive offers lots of space to save and archive your music and video collection, digital photos or other files.

Fast and easy to use

With the Hi-Speed USB 2.0 connector the DataStation maxi light offers a fast data transfer. The hard disk is also pre-formatted and ready to use without a driver. Through the included AC, the hard drive is receiving power. The additional on / off switch on the hard drive housing prevents unnecessary power consumption.

Compatibility

Supported are all major file systems from Windows®, Linux® and Mac® OS X as well as the operating systems Microsoft Windows® 7 / Vista® / XP / 2000, Mac® OS X from 10.3 and Linux® from Kernel 2.6.x.

High-quality aluminum housing

The exclusive aluminum housing of the DataStation maxi light (in either black or silver available) ensures optimal cooling of the hard drive; in that way the hard drive needs no fan and is silent during operation.

Programmed power management

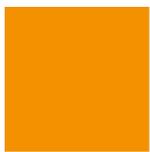

In case your hard drive is not used or accessed for some time, the DataStation maxi light shuts down automatically and stops rotating. This behavior, adjusting the number of revolutions of the disk, is called "spin-down". The spin-down functionality protects not only the device, but also your energy bill.

Radiotracker software

On your DataStation maxi light the Radiotracker installation file is additionally pre-stored. This popular web radio software offers the possibility, to play music from about 30.000 web radio stations and podcasts. Furthermore, up to seven channels can be recorded simultaneously as well as music titles cut automatically. As desired, the titles can be provided with all available information, such as album cover.

Safe your files

To keep your data safe, you can secure your DataStation maxi light with a notebook lock.

Technical details

Hardware

Storage capacity	500 /640 /750 GB*, 1 /1.5 /2 TB*
Interface	1 x USB 2.0
Color	Black, Silver
Dimensions (W x H x D)	115 mm x 32, 5 mm x 188 mm
Weight	approx. 1 kg
Type of housing	Aluminum
Form factor	3.5"

Communication with the computer

Supported operating systems	Windows 7, Windows Vista, Windows XP, Mac [®] OS X from 10.3.x, Linux [®] from Kernel 2.6.x
Maximum data transfer rate* / read	33.8 MB/s
Maximum data transfer rate* / write	33.5 MB/s
Average access time (HDD)	Approx. 14.8 ms

Other characteristics

Power separation	On/off switch
Power supply	External power supply (100 V - 240 V, safety class 2)
Operation	Horizontal
Package contents	DataStation [®] maxi light, Quick guide, Hi-Speed USB 2.0 cable, Power adapter (100 V - 240 V), 4 rubber feet

* Data transfer rates are system- and capacity-dependent

We reserve the right to make changes and corrections.
