

Bluetooth[®] SoundBall 2in1

Compact splashwater-proof active speaker with speakerphone function

The SoundBall is a stylish Bluetooth[®]- speaker in many trendy colors, that will not be soiled, not even by water.

It is so handy that you can take it wherever you go: in the office, in the kitchen or to an impromptu garage party. The suction cup makes it possible: It sticks the SoundBall to any smooth surface, especially to damp walls. Its water-repellent material qualifies it as an ideal companion for your swimming pleasure, whether it is in the lake in the meadow or at the fitness-club.

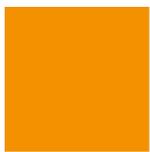

Dive into your sound world with the SoundBall: The tiny SoundBall is big in sound!

Let your own favorite music from an MP3-player, laptop, netbook, tablet PC, or smartphone stream effortlessly from your Bluetooth - without running the risk of your mobile devices getting wet, as they can remain in a case. The speakerphone feature allows you to easily make calls, with the noise reduction and built-in amplifier guaranteeing good sound quality in all situations.

The TrekStor Bluetooth[®] SoundBall 2in1 is more than just a round thing! You can have a ball with it.

The powerful built-in Li-ion battery of the SoundBall provides unrestricted mobility through a long runtime, and can be easily charged via the built-in Micro-USB- jack.

Whether your SoundBall is purple, blue, black or white, the rechargeable Battery ensures that it always is quite "green" and environment-friendly !
