

eBook Player 7

eBook Reader with 7" TFT display, MP3 player and image viewer

Multimedia at its finest

The TrekStor eBook Player 7 has a dull 7" TFT display and an orientation sensor that automatically switches between portrait and landscape format. Additionally, a photo viewer with slide show function and an MP3 player are on board.

Thanks to the exposure of the screen you can read in the dark without an external light, for example while baby-sitting or while the partner is sleeping. Texts in the eBook formats ePUB, (including Adobe[®] DRM), PDF and TXT are supported and are displayed in 5 different font sizes and can be enlarged additionally by using the zoom function. An intuitive bookmark manager allows you to add bookmarks as well as directly selecting a list.

Internal memory and memory expansion

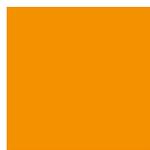

With a capacity of 2 GB, the internal memory offers a lot of space for eBooks, saving you the takeaway of heavy books for holidays. With an integrated card reader the memory is not only expandable with up to 32 GB, but you also have the opportunity, to look at your just shot holiday snapshots via the anti-glare display because the 7" device reads SD/SDHC/MMC memory cards. Images in the formats JPG, BMP, GIF and PNG can be displayed also as a slide show. An intuitive folder navigation ensures the easy finding of files.

Music

The integrated MP3 player offers 9 equalizer settings, ID3 tag display, shuffle function as well as 8 repeat functions. Files with the audio formats MP3, WMA, OGG or WAV can be played via the integrated loud speakers or the 3.5 mm earphone jack.

Long reading pleasure

The built-in Li-polymer battery provides up to 8 hours reading and visual pleasure or up to 40 hours of music enjoyment.

Technical details
