

## HD SatReceiver Luna S2

### DVB-S2 satellite receiver with recording function

The SatReceiver Luna S2 PVR is universally applicable and easily handles DVB-S and DVB-S2 standards. Not only 5000 channels and 4 favorite lists, but also pre-programmed channel lists for an easy setup as well as the option of parental control belong to the TrekStor SatReceiver standard. Thanks to the modern, included infrared remote control and thanks to the clears menus, the SatReceiver is particularly user friendly.

#### HDMI™

The HD SatReceiver Luna S2 PVR also has an HDMI interface, through which all your digital home theater components that are also HDMI equipped can be connected and video as well as audio contents can be transmitted digitally.

#### Watching TV in HDTV quality

That is how watching TV makes fun: Enjoy via the SatReceiver television images in best HD quality (1080i). The television picture appears much sharper and more detailed!

#### MediaPlayer function

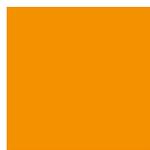

Via the USB 2.0 interface you can transform your DVB-S2 receiver into a multimedia player. Simply connect an external volume (hard drive, USB stick etc.) to the interface and yet you can play the files (videos, photos or music) via your TV.

#### Recording function

In addition to the MediaPlayer function, you also have the possibility, to record broadcasts via the USB interface on an external hard drive. Program the recording easily via the EPG (Electronic Program Guide) or start it manually by pressing a button on the infrared remote control. The integrated time-shift function (for time-shifted television) rounds off the profile of the TrekStor Receivers.

#### EPG

With the EPG you will never lose the big picture! This electronic program guide shows you an overview of current and future programs with the corresponding transmission times. Depending on the channel, you will receive up to 7 days prior to the current program overview.

## Technical details

### Hardware

---

<b>Interface</b>	AV-Out (Composite), 1 x Hi-Speed USB 2.0, Analog cinch, HDMI™ 1.2 (supports HDCP), 1 x SCART, Digital cinch (S/PDIF dig.)
<b>Color</b>	Schwarz
<b>Dimensions (W x H x D)</b>	220 mm x 45 mm x 170 mm
<b>Weight</b>	approx. 645 g (only the device without accessories)
<b>Type of housing</b>	Plastic, Aluminum

### Tuner

---

<b>Antenna input</b>	F connector(s) (LNB in, Loop through)
<b>DiSEqC™</b>	USALS, 1.0, 1.1, 1.2

### Record and playback

---
