SurfTab[®] ventos 10.1

10.1" Android™-Tablet with dual core CPU, 16 GB memory and 1 GB RAM

Reading emails, calling friends via video, surfing the Internet, watching movies and much more. The TrekStor SurfTab[®] offers endless possibilities and an intuitive operation with the Android™ 4.1 operating system.

Dual-core processor with 1,6 GHz

Due to the fast dual-core processor and 1 GB RAM you may run several application simultaneously or watch high definition videos smoothly.

Android™ 4.1 operating system

Android 4.1 (Jelly Bean) for devices of the latest generation offers numerous intelligent functions and settings.

High resolution, sharp multitouch display

The bright capacitive 10.1" (25,65 cm) IPS display convinces with brilliant colors and a fast reaction. The 10 point multitouch surface allows an intuitive operation and offers a high resolution display with 1280 x 800 pixels.

Extremely thin and light

The tablet feels light and comfortable in the hand, is with only 10,6 mm ultra slim and has a high quality aluminum back.

Thousands of apps

You can extend your tablet with countless applications, games and eBooks. No matter if business or private: Here is the suitable offer for everyone.

Front and back camera

Thanks to the two integrated cameras, the tablet is ideal for video telephony and conferencing as well as for picture or video recordings.

Mini-HDMI™ connector

Through the integrated Mini-HDMI connector you can conveniently connect your TV and enjoy pictures or movies in best quality.

Card slot and USB-host port

In case the internal memory is not enough, you can expand the SurfTab with a microSD/microSDHC card up to 32 GB or with other USB devices via the USB host port.

Wireless networking with Wi-Fi and Bluetooth®

Through the WLAN standards 802.11 b/g/n you will surf the Internet with HighSpeed. Thanks to a fast Bluetooth the optimal data exchange with other devices succeeds.
