SurfTab[®] ventos 7.0

7" Android™-Tablet with dual core CPU, 8 GB memory and 512 MB RAM

Reading emails, calling friends via video, surfing the Internet, watching movies and much more. The TrekStor SurfTab offers endless possibilities and an intuitive operation with Android 4.1 operating system.

Dual-core processor with 1.5 GHz

Due to the fast dual-core processor and 512 MB RAM you may run several application simultaneously or watch high definition videos smoothly.

Android 4.1 operating system

The Android 4.1 (Jelly Bean) for devices of the current generation offers numerous intelligent functions and settings.

5-point multitouch display

The bright, capacitive 7" 5-Point multi-touch display convinces with brilliant colors and a fast reaction. The multitouch surface allows an intuitive operation and offers a high resolution display with 1024 x 600 pixels.

Extremely thin and light

The tablet feels light and comfortable in the hand, is with only 7,9 mm very slim, weights only 295 g and has a high quality aluminum back.

Huge app selection

Expand your SurfTab with thousands of applications, games and multimedia contents. Whether for business or pleasure: everyone will find something suitable!

Webcam

Thanks to the built-in front camera, the tablet is best quited for video calling and conferencing.

Micro-HDMI™ connector

Through the integrated Micro-HDMI connector and the supplied HDMI adaptor you can conveniently connect your TV and enjoy pictures or movies in best quality.

Card slot for microSD cards

In case the internal memory is not enough, you can expand the SurfTab with a microSD card up to 32 GB.

Wireless networking with Wi-Fi

Through the WLAN standards 802.11 b/g/n you will surf the Internet with HighSpeed.

Multimedia in full HD and gaming fun

The broad format support offers the possibility to play most of the picture, audio and video formats such as MKV files
