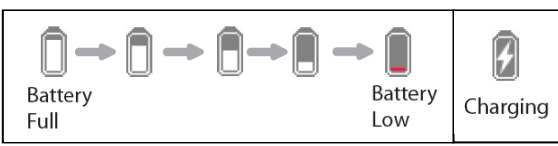
Getting Started

Power On and Off the eBook Player

- Press and hold the [Power] button for 2 seconds to turn on the eBook Player.
- It may take a few moments for the eBook Player to turn on and loading the content.
- If the eBook Player does not turn on, charging is required.
- To turn off the eBook Player, press and hold [Power] button for 2 seconds.

Charging the eBook Player

- You need to charge the eBook Player prior to using it for the first time or when battery power is low.
- You can charge the eBook Player via:
  - Connect to AC source via AC adapter (not supplied)
  - Connect to PC or other USB adapter via supplied USB cable.
- When charging through PC, you cannot operate the eBook Player. To operate the eBook Player during charging, click the "Safely Remove Hardware" from your desktop with the eBook Player remains connection to PC. Upon the eBook Player is safely removed, you can operate it while charging.
- Please turn the eBook Player to standby mode to shorten the charging process.
- It will take about 6 hours to fully charge the eBook Player in standby mode (LCD off).
- When USB power cable is connected to the eBook Player for charging, the eBook Player will enter into standby mode after remains idle for 60 s. Press the [Power] button to wake up the eBook Player.
- The battery status is displayed at the bottom left corner

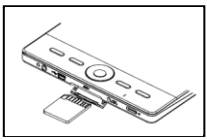


Getting Started

Inserting Memory Card

The eBook Player supports SD/SDHC/MMC card. To insert a memory card:

- Open the SD cover.
- Check that the SD card is in the correct position with the contact pin facing upwards as illustrated below. You may damage the card and the eBook Player if SD card is not inserted in correct position.



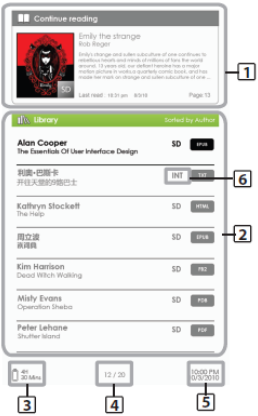
- Push the SD card into the card slot until it clicks.
- To remove SD card, push the SD card once again until it clicks.
- When a SD card is inserted in or ejected from the eBook Player, it may take few seconds for the eBook Player to update the content.
- Please avoid inserting or ejecting SD card when other operation is running as this may cause the system hang.
- Do not remove the card if the content inside the card is being played. This will halt the operation of the reader and cause the eBook Player to restart.
- If the system is not responding, press and hold the <Power> button for 6 seconds to reset and turn it off.

Limitations with NTFS file system:

- Books on the microSD card are not recognized by ADE when connected to PC.
- Direct copy of files from internal memory to card is not supported.

Starting from Home Menu

When the eBook Player is turned on, you will enter into the Home Menu.



1. Continue Reading

-display the page of the last read book. Press <OK> button to open the last read page.

2. Library

-display the list of books available. Move the cursor to desired book and press <OK> to open it.

3. Battery Indicator

4. Page Number

-displays current page number and total available pages.

5. Time & Date

-display current time and date, you can set this in the **[Settings]**

6. File Directory

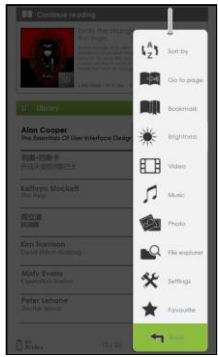
- indicates the location where the file is stored.

"SD": SD/SDHC/MMC card

"INT": internal memory

Entering Option Menu

To access extra functions available, press [Menu] button to display the Option Menu as illustrated.



Press the directional key to move cursor to the desired item. The selected item will be highlighted in dark.
Press <OK> to enter.

To exit from Option menu, move cursor to [Back] and press <OK> to confirm.

Alternatively, press the <Return> button to exit.

To sort books by different categories: Title, Author, Category, Date, Format

Jump to a specific page

Read from previously added bookmarks

Adjust brightness of the display screen

Enter into Video Player (only for eBook Player 7M)

Enter into Music Player

Enter into Photo Viewer

Enter into File Explorer for advance file management

Enter into System settings and to access the user manual (The user manual of the eBook Player 7 can be found directly in the Option's menu.)

Open your favorite book list.

Importing Content

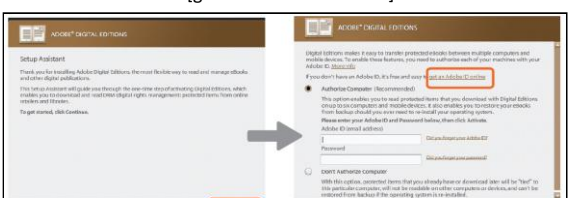
- The eBook Player supports the USB Mass Storage Device function.
- To import contents (eBooks, video (only eBook Player 7M), audio, photo, etc.) into the eBook Player, connect the eBook Player to PC via the supplied USB cable.
- Upon successful connection to PC, the eBook Player will enter USB mode and all operation will be halted.
- Go to [My Computer], double click on the eBook Players disk to open.
- Perform normal file management operation like other USB device.

Importing DRM Contents

The eBook Player supports Adobe® DRM contents. Adobe® Digital Editions (ADE) is required.

Installing Adobe® Digital Editions (ADE)

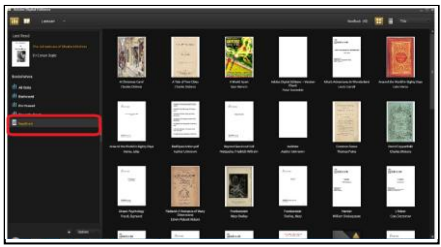
- Make sure your computer is connected to internet
  You can download the installer from:
  http://www.adobe.com/products/digitaleditions
- For first time user, you will need to get a free Adobe® ID from Adobe® website. Click on the [get an Adobe® ID online] link as illustrated:



- Enter your email address and complete the online form as per instructed.

Authorizing PC and eBook Player

- Upon registration, return to the ADE window. Enter the username and password to activate your Adobe® account.
- After activation, connect the eBook Player to PC. ADE will detect the eBook Player and you are prompted to authorize device.
- After authorization, you will be able to find the eBook Player recognized in ADE as below. Contents inside the eBook Player will be displayed on the right hand windows.



- You can now start downloading or buying eBooks from online eBook stores supporting Adobe® DRM.
- Purchased or downloaded eBooks will be stored in [My Digital Editions] in [My Documents].

Transferring DRM eBooks to eBook Player

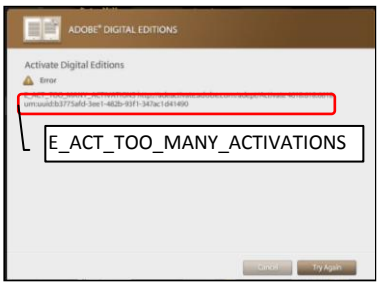
- From ADE menu, click on [All Items] on the left hand column
- Items in [My Digital Editions] will be listed down in right window.
- Select the desired item(s) to be transferred, <Shift> + <Left Click> to select multiple files.
- Drag and drop the selected item(s) into the eBook Player's drive located on the last row of the left side column as illustrated below.

Notes in using ADE

Each ADE ID supports only 6 devices; this includes the master device (the eBook Player) and the slave device (microSD card).

When the eBook Player is restored to default settings, ALL DRM activation record and data (including DRM books purchased) will be erased from the eBook Player. You are required to authorize the device with your ADE ID again.

When the number of authorized device has exceeded the allowable amount, you will come across the following error message:

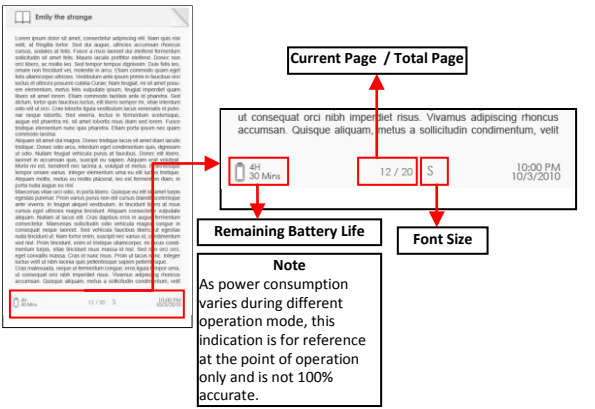


To request for extension and reset of your ADE ID, go to http://www.adobe.com/support/digitaleditions/ → [Submit a web case]. You are required to type in your ADE ID info.

Opening Book

- Books transferred to the eBook Player will be listed in Home Menu.
- The eBook Player supports eBooks in epub, pdf, txt format.
- Use the <Directional> buttons to move the cursor to select book and press <OK> to open.

Book Page Interface



Turning book page

- On reading page, press <Next Page> or <Directional-Right> button to turn to next page. To turn to previous page, press <Previous Page> or <Directional-Left> button.

Troubleshooting

If the eBook Player does not work as it is expected, please try the following steps.

The eBook Player is not responding or can't be turned on.

- Reset the eBook Player by press and hold the power button for 6 seconds. The eBook Player will be forced to shutdown if it is on and you are required to restart the eBook Player again.
- Battery has been fully discharged. Please charge the eBook Player via USB (or USB Adapter).

Battery Life seems short

- The operating temperature is below 5°C. This is due to the characteristics of battery and not a malfunction.
- The battery is not used for prolonged period. Please recharge the battery of the eBook Player again.
- The battery is not fully charged. Please charge the eBook Player for at least 4 hours.
- The battery needs to be replaced. Please consult the authorized dealer for service.

It takes long time for the display to appear

- This is due to the characteristic of the display panel, especially in low temperature environment, and not a malfunction.

A Book cannot be read

- Copyright protected books cannot be read on any device other than the authorized one.
- Check if the book has expired.
- Check if the book format is supported by the reader.

The eBook Player cannot be operated during USB connection

- The eBook Player cannot be operated while it is connected to PC.
- Disconnect the eBook Player from computer to resume operation.
- To use the eBook Player while charging, click on the [Safely Remove Hardware] icon located on the left lower corner to disconnect data connection with computer. After the eBook Player is safely removed, computer will only charge the eBook Player and you can now resume normal operation.

Precautions and Maintenance

On Battery

- Charge the battery only in temperature that ranges from 0 to 35 degree Celsius.
- Do not charge the eBook Player if the battery is found damaged or leaking.

On Operation

- Never expose the eBook Player to extremes of light, temperature, moisture or vibration.
- Never wrap the eBook Player in anything when it is being used or charged. Heat may increase in the device while charging or if it is used for an extended period of time.
- Do not use or store the eBook Player in one of the following circumstances:
  A. Extreme high temperature, such as in a sun-heated car
  B. Direct sunlight
  C. High humidity or places with corrosive substances
  D. Sub-zero condition, especially during winter

On Headphone

- Listening to audio at high volume for extended periods of time can cause hearing damage. To avoid damage to your hearing, keep the volume at moderate level.
- Do not use headphones while driving, cycling or operating any motorized motors. It can also be potentially dangerous to play at a high volume while walking, especially at pedestrian crossings.

On Cleaning and Maintenance

- If the eBook Player does get wet, turn off reader immediately. Wait for the eBook Player to dry completely before turning on again.
- Clean the screen with a soft cloth; be careful not to wipe it with anything abrasive. When carrying your eBook Player in a bag, keep it inside a suitable protecting case (not included in the delivery) to avoid scratches.
- If the eBook Player needs service, please consult the authorized dealer through the contact information provided in the warranty card. Faulty service may void the warranty.

Precautions and Maintenance

On SD/SDHC/MMC card

- After inserted a SD/SDHC/MMC card, if the eBook Player has no response, please take out and insert it again.
- Do not remove SD/SDHC/MMC card or turn off reader during data writing or reading to prevent damage to data and to the eBook Player.
- Make sure the SD/SDHC/MMC card is unlocked before writing or deleting data in the SD/SDHC/MMC card.
- Backup your files and data before formatting the SD/SDHC/MMC card. Please format the SD/SDHC/MMC card in FAT/FAT32.
